

Industrial Design Academic Standards

DEPARTMENT OF INDUSTRIAL DESIGN

Academic Standards

INDD First Year Studio summer sequence is offered to Auburn University students in good standing who meet the following criteria: completion of a minimum of 24 credit hours of university work or with approval of the Department Head. Students are not required to have completed the INDD freshman model curriculum before enrolling in the summer semester INDD First Year Studio.

Acceptance and Progression in the Professional Program

The department maintains the right to select the most highly qualified students for admission to and for continuation in the INDD professional program. Enrollment is restricted in upper level professional INDD studios (2nd, 3rd and 4th year) and based on INDD GPA. Students not admitted into an upper level professional INDD studio may reapply in subsequent years and are re-ranked against the new applicants and available resources in that year level. The department reserves the right to retain original work accomplished as part of course instruction.

After a student is accepted into the summer semester First Year Studio, they must make at least a grade of C or higher in studio courses in order to be considered for progression in the program. Grades below C in studio courses 1310 through 4210 must be repeated. Design courses must be taken in sequence unless otherwise approved by the Department Head. A portfolio and presentation are required for graduation.

SPECIAL PROGRAMS IN INDUSTRIAL DESIGN

Study Abroad (Ireland, Taiwan)

In these two programs students share studios and workshops at colleges and universities in Ireland, Northern Ireland, Scotland, England and Taiwan, Hong Kong.

SCHOLARSHIPS IN INDUSTRIAL DESIGN

Industrial Design students can apply for CADC scholarships that are available.
